Task Force  
Member-City of Edmond  
Sign Committee  
Active Sailor

Mr. Smith graduated from Oklahoma State University in 1971 with a degree in Agricultural Engineering. Shortly after graduating he was employed by John Butler Engineering, Inc. and became a stockholder in 1978. He remained with John Butler until the formation of Smith-Roberts and Associates in 1981. He became a Registered Civil Engineer and Land Surveyor in Oklahoma in 1975 and 1976, respectively.

As a Surveyor, Mr. Smith has worked with a majority of the nation's largest title companies and law firms providing A.L.T.A. surveys for real estate mergers and acquisitions. Mr. Smith is active as a lecturer on legal problems as they pertain to surveying and real estate and has served as President and Member of the Board of Directors of the Oklahoma Society of Land Surveyors and on committees of the American Congress on Surveying and Mapping.

As a Civil Engineer, Mr. Smith has extensive design experience in private sector projects involving planning, drainage, water, sewer, and paving. Mr. Smith has served in the capacity of consulting engineer on many state and municipal funded projects dealing with drainage, roadway, and utility relocation.

Mr. Smith was recently appointed to the Oklahoma State Board of Professional Engineers and Land Surveyors.
