Arkansas

Mr. Cornelius has been involved in Land Surveying since 1980, when he began working for his father's Land Surveying business in Southwest Oklahoma. He has experience in boundary resolution as well as title and records research. Burk also has extensive experience in subdivision design and layout.

Burk received his Bachelor of Science from Oklahoma State University in 1983. Burk worked his way through college while employed as a surveyor and draftsman for a local Land Surveying/Civil Engineering firm in Stillwater.

Burk is Vice-President of Smith-Roberts National Corporation, a national survey coordination firm located in Oklahoma City, OK. Since joining the firm, Burk has managed numerous multi-site, multi-state real estate transactions from fast food restaurants to shopping centers. He is now responsible for writing specifications, coordinating and reviewing Land Title Surveys for these types of real estate deals.

He is an active member of the Oklahoma Society of Land Surveyors and is the Past-President of that organization. Burk is involved with Oklahoma State University Surveying Program, where he serves as adjunct instructor. He is also a member of the National Society of Professional Surveyors, where he served one term as the Governor representing the State of Oklahoma. He also serves on the investigative committee for the Oklahoma State Board of Registration for Professional Engineers and Land Surveyors. He is licensed to practice Land Surveying in Oklahoma, Kansas and Arkansas.
